

Design a Date

Uno Date Night

Most of us have a deck of Uno cards in the house. (If you don't, pick up a set the next time you're at the store so you can have fun with this date!)

This date has you playing a game together AND creating connection in your marriage at the same time.

Here's how the date works:

Play the game according to the instructions. When certain cards are played pause and do the following:

- Draw Two—Share two things you appreciate about your spouse. (One thing I appreciate about you is...)
- Draw Four—Kiss for four seconds.
- Reverse—Share a favorite memory you have of time together--it can be when you were dating or in your marriage life together. (A favorite memory of you and I is when...)
- Wild Card—Share something that's on your bucket list or that you dream about doing together in the future. (One thing I dream about us doing is...)
- Skip—Gaze in each other's eyes for five seconds.

Finally, once someone yells wins, celebrate with a 10-second holding hug!

Laugh, have fun, and enjoy connecting with each other using this easy date night you can do at home!
