

Design a Date

The Autumn Hike Date

In many parts of the country, the weather is cooling off and the colors of fall are in full display. It's a perfect opportunity for the two of you to get out and play!

Sometimes the word "hike" sounds like a big deal. However, it doesn't have to be. Just find someone to go and explore that is different than somewhere you might usually walk.

Do you have a state park nearby with some trails to explore? Set aside an hour or two and go take a hike!

Make sure you take some water and a snack. While you're at it you might mix in some of the elements of the Snap and Chat Date we offer too!

More than anything, just marvel at God's creation together while getting some exercise and enjoying some uninterrupted conversation!
